MAYACAMA KIDS CAMP & TWEEN CAMP

New for 2019, we are introducing a "tween" camp which will run simultaneously with our regular kids camps. This will give our Tweens the opportunity to do some grown up activities but still allow our younger members to enjoy a week of crafts and fun. These camps will run simultaneously so if you have two children but in different camps there will be no logistical problems. Both of these camps will include age appropriate challenges, activities and games. Camps will begin and end at the same time each day, with the exception of one day during the Outdoor Adventure Survival camp for the Tweens. We will have an overnight camp-out on the Thursday of that week at Redwood Camp, a Salmon Creek private ranch located in Bodega Bay. (There will be no overnight for the younger group.)

If this is your child's first camp experience, we will make an extra effort to provide a relaxed environment where a camper can safely develop new skills, explore diverse interests, and make new friends.

MAYACAMA'S FIRST TWEEN-ONLY CAMP!

This camp will be unforgettable for your child. We will not only have a lot of fun and make friends for a lifetime but will learn how to handle ourselves if we become lost or stranded in the woods. We will learn the basic skills needed to help us survive and become more independent in the wilderness. This camp will be a great learning tool and teamwork adventure. We will use our skills on our overnight Camping trip at the end of the week when we take a trip to Redwood Camp, a Salmon Creek private ranch. We will have fun playing games and singing by the open fire in the woods.

Each day there will be colorful crafts to create slithering anacondas or fluttering blue butterflies and unique games that will bring out the monkey in all of us. At the end of the day we will cool off "Mayacama Style," in the pool with our new friends.

What can we say, this was a huge hit last year and this year's race will be even bigger and better. This unique camp will allow your child to dig deep and find their inner strength. We will focus on proper technique and execution to succeed through this challenging obstacle course. During this camp the children will help build obstacles and design the course. In addition to building strength and endurance, we will also learn about nutrition and proper hydration. This camp will be run as a Tween camp and a Kids Camp. During the day we will have activities that focus on the different ages accordingly. However, we will all start and finish the days together. On race day, there will be two race starts: the tweens will start first, and the kids will start after. There will be awards for the top 3 finishers in each group. We will all celebrate at the end with homemade popsicles made by the kids!

2019 SUMMER GOLF CAMPS

Ted Antonopoulos and his team have carefully created these golf camps in order to sharpen your child's skills while they have a blast on the golf course.
